Identity

flexible styling groom

Texture

Any hair type, scalp system

Results

Flexible hair groom and scalp conditioner, soothes, calms, hydrates, never greasy, hair looks fuller

Key Ingredient

Biotin helps strengthen hair and scalp

How to Use

Can be applied to wet, semi-dry or dry hair. Place small amount into palm of hands, Rub hands together, Apply, Style

Your Notes

Product Name

Color Boost - pure pigments color enhancing conditioners

Identity

color conditioner

Texture

all textures

Results

Enhance/refresh color treated and natural hair color, body and moisture without softening, smooth and shine

Key Ingredient

Flower color extracts imported from France – naturally stains cuticle/cortex, sparks up any hair color, enhance, tone

How to Use

Use periodically after shampooing and conditioning. Choose the shade or shades you want to enhance or tone-down a particular color. Before applying Color Boost, an instant conditioner is recommended to use on the hair first and then rinsed away. This "primes," detangles and prepares the hair. Color Boost can also be mixed with an application of dailyHaiRx and Intense or Deep. Work into hair, comb through. Wash hands quickly and thoroughly. Leave in 1-10 minutes. Rinse well. Leaves no residue. Avoid contact with eyes. We suggest a sensitivity test for the Color Boost; just to be sure the guest is not sensitive to the plant powder extracts or melanin. They are chemical free products. Color Boost does not take the place of the guest's regular conditioning program. Deep conditioners and instant conditioners should still be used.

Your Notes

Product Name	Color Boost – Crystal Quartz - color sealer and body building conditioner
Identity	color sealing conditioner
Texture	all textures
Results	Helps keep hair color from fading, helps stop oxidation, soothes scalp, promote healthy hair growth, shine
Key Ingredient	Methyl Lactate – peppermint extract closes cuticle, locks color, stimulates the scalp
How to Use	Can be used as a color sealer, body building daily conditioner, mixed with one or two of the color shades of Color Boosts, or as an intensive shine treatment. As conditioner: For best results, use after shampooing. Place small amount into palm of hands. Rub hands together. Massage into hair and scalp. Comb through. Leave in 1-3 minutes. Rinse. As color sealer or intensive shine treatment: Follow the above instructions. Cover with plastic cap and leave in 5-10 minutes. Rinse.
Your Notes	_____
